## SECTION 4 - FIRST AID MEASURES

Description of first aid measures:	
In the event of skin contact:	Remove all contaminated clothing immediately. Wash immediately with soap and plenty of water. If a temporary skin reaction occurs, it should be treated as allergic contact dermatitis. Launder contaminated clothing before reuse.
In the event of eye contact:	Wash immediately with large amounts of water for 15 minutes, lifting the upper and lower lids until no evidence of product remain. Get medical attention immediately. Do not wear contact lenses while handling.
In the event of swallowing:	Dilute with water. Get medical attention. Never give fluids or induce vomiting if patient is unconscious or has convulsions.
In the event of exposure by inhalation:	If inhaled, remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. If breathing is difficult, give oxygen. Call a physician.
Most important symptoms and effects, acute and delayed:	The most significant symptoms and effects are described in the labelling (see Section 2) and/or in Section 11.

## SECTION 5 - FIREFIGHTING MEASURES

Flashpoint:	N/A
Extinguishing media:	CO <sub>2</sub> , Dry Chemical, Foam, Water, Fog
Special hazards arising from the substance or mixture:	Firefighters should be equipped with protective clothing & self-contained breathing apparatus to protect against potentially toxic & irritating fumes. In case of fire or explosion, keep unnecessary people away. Isolate hazard area & any entry. Stay upwind, out of low areas, and ventilate closed spaces before entering.
Advice for firefighters:	Avoid dusting conditions. May form explosive dust mixtures with air.

## SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:	Avoid formation and deposition of dust. Do not touch or walk through the spilled material: stop leak if you can do it without risk.
Methods and material for containment and clean up:	Take up with sand or other non-combustible absorbent material or suitable vacuum and place into labeled sealable containers. Scrub spilled area with detergent, flush with copious amount of water.
Environmental procedures:	Do not empty into drains or waters.
Reference to other sections:	For further disposal measures see Section 13.
