

# Learn to fringe twist

fringe twist yarn

# FRINGE TWISTING YARN

Make a perfect twisted fringe on scarves, handwoven garments or needlework projects. Create cording from cotton or twist sliver for fibre craft projects. Add beads and metallics for texture and fun.

01

02

03

Clamp fringe twister to a table.

04

Divide into groups of desired thickness.  
Hint: Usually 4-6 wool strands or 6-8 cotton.

05

06

Place a hand on the garment to keep tension on the stands clipped to the twister, turn the handle clockwise as many times as desired (take note of how many rotations, and repeat across fringe, this will ensure an even twist and length).

07

08

To ply, remove from clips and finish by knotting the two halves together close to the end. The two halves will twist anticlockwise to create the fringe.

Repeat from step 1. working along the garmnet.
